

Field Guiding Experiences

Incorporate an educational element to your tour by experiencing nature first hand with elements of basic field guiding.

All these activities are conducted by expert Trackers and qualified Field Guides.

- ❖ **Basic Field Guiding and Wildlife Identification**
- ❖ **4 day Animal Tracking**
- ❖ **Bush Survival Skills and Sleeping Under The Stars**
- ❖ **4 Day Wildlife Photography**
- ❖ **A Weeks Birding in the Kruger with Bill Lawson**

During these activities you will stay in unfenced camps with regular walk-bys of Elephant, Rhino, Lions, Eland herds etc. Listen to the elephants browsing on leaves and nightjar's call right outside your tent at night. It is rustic but a comfortable and safe experience and it's all about the bush.

Come prepared with more knowledge and take the internet-based **Big “5” Course**, Free of Charge available from WildlifeCampus - www.wildlifecampus.com
